We will save you money on Curtains.

**PERRY & CAMP,**

Telephone 258-4.

75 Main Street, Barre, Vermont.

## Furniture That "Glidders"

"All that glidders is not gold," says Mr. Dinkelspiel, "but if it does glider, you can bet it ain't mud."

You can apply Mr. Dinkelspiel's logic to furniture.

You can't always be sure that a beautiful table or chair with good lines or careful finish is everything it pretends to be.

But you can be sure that it won't jar your nerves every time you come into the room.

And the man who can be trusted to put good lines into furniture can generally be trusted as to materials.

Every article in this entire store is guaranteed as to materials—and the designs can be trusted.

## Avoid "Fly Time" Linoleum

"Women demand cheap linoleum," said a manufacturer, "so we make it."

"The boys call it 'fly-time' linoleum because most women put it down about the time the flies appear—and it's worn out before they go."

"The only material that will make real linoleum that lasts, is cork and oil. The process cannot be cheapened. When people insist on cheaper grades they cheat themselves."

Good linoleum will last years.

And it costs only a little more than the 'fly-time' variety.

Now is the time to put down good linoleum. It protects the floors and makes them sanitary.

For bath, kitchen, porch, and (imitation wood) for libraries, offices, dining-rooms and living rooms.

Printed Linoleums . . . 50c and 60c per yard

Inlaid Linoleums, \$1.00, \$1.25 and \$1.50 per yard

### TALK OF THE TOWN.

Nemo week at Abbott's.

Visit Ross' barber shop for prompt service.

New goods at Mrs. Longley's, Summer street.

See the different styles of muslin curtains; new ones at Perry's.

Miers' sanitary barber shop has received the seal of public approval.

Mrs. William Emslie went to Boston to-day for a month's visit with relatives.

Mrs. Harry Segel went to Burlington Saturday for a few days' visit with relatives.

Ira Abbey, son of John Abbey, is seriously ill at his home on South Main street.

Wanted—A reliable and experienced man to work in stable. Apply at Eastman Brothers.

Carl Sawyer left to-day on an extended business trip to Lebanon and Whitefield, N. H.

Mrs. John Abbey, who has been seriously ill at her home on South Main street, is slowly improving.

Barre should have a plant to manufacture building granite and not let our neighbors obtain the new industry.

Paul W. Waterman returned last night to Burlington, where he will resume his duties at the university of Vermont, Burlington.

William Scott of Brandon, who has been passing several days in the city, left to-day for White River Junction, where he will be employed in a barber shop.

Having sold my photo studio to A. M. Troup, I wish to notify all having work at my studio not paid for, must pay for same on or before Saturday, May 6.

Mr. and Mrs. Herbert LaPier returned to their home on 24 Fairview street from a carriage drive Friday evening, to find about thirty of their friends gathered to remind them of the second anniversary of their marriage. After congratulations had been received, W. H. Eager, in behalf of the friends, presented Mr. and Mrs. LaPier a handsome mahogany parlor table, for which they responded feelingly. The evening was pleasantly spent in a social way. Refreshments were served.

### FINE SAND DEPOSIT.

Opened Up by George E. McFarland On His Property.

George E. McFarland has recently opened up a sand bank on his property on the South Barre road, near the old Robinson mill, which is without question a most valuable tract of sand, and which he claims, is of a better grade than has ever been found around Barre. Mr. McFarland has thoroughly tested and tried out the sand in cement walks, basement floors and in the walls of a dam and it has proved in every case, when mixed properly with cement, to be as hard as stone and as durable.

Though he has only recently opened up the bank for the purpose of selling the sand he has used it for a number of years. He has used it in cement walks around his house and a drive way into his barn. The pavement at the doorway to the barn has been in use for nine years and horses have been over it every day; still it shows no wear.

The sand is also of the grade that is used in the finest tiling made. The bank is just off the main road, and very easily approached with teams.

The sand lies from twelve to eighteen inches below the soil and is absolutely free from dirt and rocks so that no sifting is necessary. That there is sand enough there to last at least one generation can be seen from the fact that the field where it lies contains over an acre and a half and holes have been bored down thirteen feet without striking the hard pan. Mr. McFarland has put the sand to the severest test and found that it stood the test perfectly. When exposed to the sun the sand turns white. Under the magnifying glass the sand has the appearance of small pebble stones, all the same size.

Mr. McFarland has been scraping the soil from the top of the sand and will soon have a place opened up so that several teams can load at the same time. From the many test holes that have been bored the sand seems to be a solid tract of very even grade and does not lie in veins like most sand banks.
